

+++ НЕКОТОРЫЕ ВАЖНЫЕ НОВОСТИ И СООБЩЕНИЯ +++

+++ Информация о новых релизах **FATAL ECSTASY Prods** в свежих поступлениях в каталог дистрибуции доступна на сайте WWW.FATAL-ECSTASY.COM

+++ Лидеры русской паган-сцены **ТЕМНОЗОРЬ** завершили работу над новым полнометражным альбомом. Официальный сайт группы об альбоме и сроках издания: "Визуализация нового альбома **ТЕМНОЗОРЬ**, исходя из сложности исполнения, потребовала от нас больше времени и сил, чем предполагалось ранее, а эта осень взяла от нас слишком много крови. Лишь с зимними морозами, с саваанно снегов, вместе с песнями метели открываются врата в "Урочища Снов". Именно это имя было предназначено новому полнотици группе. Чем дальше вёл нас путь, тем всё больше окружающее нас переплетало с колдовскими узорами сюрреалистичности, с древнерусским танством и мракром. Сны, память, семь песен, непохожие одна на другую, как сестры-реки, текущие из одного истока к одному и тому же далёкому синему морю, отголоски светлой топки и чёрная закипающая кровь на руках, на броне, на лезвиях и рунах. Древние черты умерших на лицах живых. Весь мир в напеве зеркала. И вечный голос, голос земли и крови от бескрайних русских небес до глубоких чёрных песен..." Группа возобновила концертную деятельность – в ноябре успешно отыграли гиты в Чехии и Словакии, а в конце декабря предстоит уже традиционное выступление на КОЛОВОПОТ FEST. Ведутся переговоры о концерте группы в Минске в последние дни зимы. Доступны новые футболки "Ведовством Крепка Чёрная Слава Руси".

+++ 19-20 декабря в Харькове под патронажем Oіana Music/ Musical Hall состоится юбилейный **КОЛОВОПОТ FEST 10**, где будут представлены наильнейшие Славянские орды: Nokturnal Mortum, Темнозорь, Dub UK, Kroda, Reusmark, Svarga, Велимор, Молот. Увидим ли мы когда-нибудь беларусов в составе этого колдовского феста?

+++ Бесспорно, харьковчане **DRUDKH** за последние годы стали в Западном мире одной из самых известных и значимых групп Славянского Языческого Метала, с каждым новым альбомом значительно прогрессируя и творчески, и маркетингово. В ноябре, после семи успешных релизов на английском Supernal Music, украинцы подписали новый контракт с крупным французским лейблом Season of Mist. Очевидно, что по инициативе отягченных политкорректностью французов, группа сделала публичное заявление (что является исключением из главного правила DRUDKH, согласно которому группа не даёт интервью и не использует возможности сети интернет): "На протяжении всей нашей истории группа следовала политике без фото, без интервью, без вебсайта, без концертов", и эта позиция была принята Season of Mist, новым лейблом DRUDKH. Отсутствие каких-либо комментариев или информации со стороны DRUDKH толкнуло некоторых невежественных, воинствующих в интернете фанов распространять слухи, что группа придерживается некоторых экстремальных политических взглядов. Это абсолютное заблуждение и полная профанация, поскольку у лирике DRUDKH нет связи с политикой. DRUDKH восхваляет индивидуализм, самосовершенствование и отречение от современных ценностей". Новый альбом группы, название которого вскоре будет объявлено, запланирован на начало 2009.

+++ **Stellar Winter Recs** продолжают переиздавать архив русского блэк-метал культа **BLAZEIRER HALL**. Вслед за 5 альбомами **BRANIKALD** ("Stormhite", "To Kampf", "Varg Fjette A Tornet", "Kveldulv", "Fьдриалир") свет увидели дебютный альбом **FOREST** "Forest". Данный релиз, в отличие от распространённого греческого бутлега, помимо 5 классических песен содержит 3 ранее неопубликованных трека с репетиционной ленты 1994-го года и 20-страничный буклет, оформление которого базируется на изначальной концепции.

+++ Хотим отметить факт, который мы рассматриваем как положительный для сцены Беларуси: в минувший год ряд беларусских групп издали диски на зарубежных лейблах: ID-VISION "Plazmadaks" (Naarbn Prod., Россия), THELEMA "Fearful Symmetry" (совместный релиз 3х лейблов из России), INFESTUM "Ta Natas" (Blood Fire Death Prods, Германия), P.D.SS TOTENKOMPF "Ljasnyja Braty" (Othal Prods, Россия), WACKHANALJIA "ЭТ01 ГЛОВА ПЛЯТА: В Ненависти Ко Всемю" (Othal Prods, Россия), FOLKVANG "On The Wings Of Destiny" (Ancient Nation Prods, Украина). Надеемся, это начало процесса выхода нашей сцены из тени.

+++ Ограниченное количество наименований из каталога **FATAL ECSTASY Prods** доступно в магазине **IRON DREAM** в Минске (ТЦ "Бульвар", Толбухина 4, 2 этаж/ ст. метро Парк Челюскинцев).
